

LG G6 – Getting Started

Home screen

The Home screen is the starting point for accessing various functions and apps on your device. Tap **O** on any screen to directly go to the Home screen.

You can manage all apps and widgets on the Home screen. Swipe the screen left or right to view all installed apps at a glance.

Getting to Know the Home Screen

You can view all apps and organise widgets and folders on the Home screen.

- Status bar: View status icons, the time and the battery level.
- Weather widget: View the information of weather and time for a specific area.
- Google search widget: Perform a Google search by inputting spoken or written keywords.
- Folder: Create folders to group apps by your preferences.
- Page icon: Display the total number of Home screen canvases. Tap the desired page icon to go to the page you selected. The icon reflecting the current canvas will be highlighted.
