

Nokia 6.1

How to Insert Sim

1. To open the SIM card tray, insert the tray opener into the hole next to the tray and push. 2. Put the nano-SIM card into tray slot 1, with the contact area facing down. If you have a dual SIM variant, you can put either a second SIM card or a memory card into slot
2. If you have a single SIM variant, you can only put a memory card into slot
3. Slide the SIM and memory card tray back into place.¹

Use only compatible memory cards approved for use with this device. Incompatible cards may damage both the card and the device and corrupt data stored on the card.

¹ Use only original nano-SIM cards. Use of incompatible SIM cards may damage the card or the device, and may corrupt data stored on the card.
