We have an opportunity for 2 x Customer Service Advisors to join our team.

We are an established yet flourishing group providing end to end solutions across a variety of products and services. We believe in developing and maintaining strong relationships with both our customers and those that we choose to partner with.

We're looking to grow our team, providing successful candidates with the opportunity to learn from our 20 years of industry experience and to work alongside those with an abundance of knowledge and proven success.

Our experienced sales team will aid in the development of your product, process, and industry knowledge. You will use your customer service expertise to build relationships whilst continuously looking for opportunities in which to strengthen and grow its size.

You will be responsible for the proactive and reactive servicing of customers, growing into the go to person for all of their communication needs. Customers will typically have one or two mobile connections within their business.

Previous customer experience would be an advantage; however, what's essential is that you have a sparky personality, the drive to succeed, along with a positive attitude.

In addition to a competitive basic salary, we reward our employees with big nights out and worldwide incentive trips. We offer a vibrant and supportive environment with on-site parking and excellent facilities.

Please note this is an office based role.
